- COMPLIANCE TO REGULATIONS.
 1. The designated compliance officers and / or officials will be present during regular hours and will be fully authorised to enforce these regulations.
 2. Should the designated compliance officer leave the premises prior to the end of the day's activities, he/she may delegate the responsibility as long as the relief officer's name is recorded on the attendance register.
 3. Flying will only be permitted between the following times:
All weekdays and weekends: 07H30 to 18H00
Public holidays: 09H00 to 18H00
 4. An arrival registration screening station will be set up inside the thatch clubhouse where each member will complete the registration form and record skin temperature with the thermal scanner provided. Any individual with a skin temperature higher than 37.8 degrees will be denied the use of the club and it will be recommended that the individual seek medical advice.
 5. The registration form will require name, address, ID number, contact number, SAMAA membership number and skin temperature to be recorded. The forms from each week will be sent to the SAMAA offices every Monday morning.
 6. The club will ensure that adequate hand sanitizer is available and that it is used.
 7. All participating members are to wear face masks or face shields which cover both mouth and nose at all times.
 8. Appropriate signage will be installed in accordance with Annexure "A" attached.
 9. Before activities the covered areas of the club will be sanitized as well as being sanitized every morning before members arrive. Proof of purchase of said sanitization chemicals will be submitted to the SAMAA as and when purchased.
 10. Members to provide their own personal equipment specifically chairs, tables, model stands etc and it their responsibility to sanitise these Items before and after use.

11. No member may bring any form of alcoholic beverage onto the club premises and social braaing will not be permitted.
 12. In the event of a member being tested positive, the club will:
 - a) Suspend all activities immediately.
 - b) Ensure that self monitoring and self isolation protocols are adhered to by the individuals concerned.
 - c) Re sanitise the entire facility.
 - d) Produce evidence that the above has been done before re-opening the club.
 13. Should the area again be reverted to level 4 or 5 then the club Close with immediate effect.
 14. The club will bear the costs of all activities required to comply with this Covid management plan.
 15. Any member who fails to comply with the provisions of this management plan will be given a verbal warning of non-compliance and if such non-compliance continues he/she will be ordered to leave the premises immediately and if he/she does not do so, then he/she will be escorted to the gate. If necessary the SAPS will be called to enforce this order.
- The club will ensure that before any activity commences, the facilities will be suitably sanitized including benches, counter tops, all door handles, window catches, gate handles and padlocks, bathrooms, pegboard and transmitter stand.
 - The club will ensure the availability of:
 1. Hand sanitizer min 70% alcohol
 2. Registration/ sanitization station.
 3. Thermal scanner or digital non-contact thermometer.
 4. Paper towels and the facility for their proper disposal.

This management plan is applicable for the first stage of the relaxation of lockdown conditions as they pertain to the operating of model aircraft and will be subject to further relaxation when the National regulations allow.

CSa

The safety and well being of club members is of the highest priority and the committee will, at it's discretion continue to apply these measures notwithstanding the further relaxation of the National regulations.

The signatories hereunder Annexure "B" hereby undertake to ensure that the details of this Management plan are distributed and known to all club members who register to fly under these restricted measures. We also undertake to ensure that this management plan is strictly adhered to.
